Fire Settlement Facts

PG&E has proposed a **\$13.5 billion settlement** with wildfire victims across California.

This settlement is an opportunity for families and communities to continue to rebuild and recover from the devastation caused by PG&E.

As part of the settlement process, anyone with a claim against PG&E will have a chance to vote on this proposal.

Approving this settlement is the fastest way for victims to receive their payment from PG&E. Delaying the settlement jeopardizes the \$13.5 billion fund
